Ref J K Hartman ltr (01685) to R L Benedetti OU 1 IM/IRA Surface Water  
Monitoring Stations and Quarterly Report

In the aforementioned memo you requested expedited completion of the Building 850 parking lot surface water monitoring stations Installation of the new surface water monitoring stations will be completed by June 1 1993 EG&G apologizes for the delay The Environmental Protection Agency requested this work be expedited and EG&G has put a priority on the work However the procurement and delivery of equipment requires approximately six weeks and installation will require another two weeks

In the interim period prior to installation surface water flows from the parking lot will be manually monitored on a routine basis by Facility Operations Management personnel

If you have any questions or concerns please contact M C Burmeister of Facility Operations Management at extension 5891 or C B Gee of Remediation Project Management at extension 8550
