OPERABLE UNIT NO 1 881 HILLSIDE WETLANDS MEETING MINUTES CBG 007 93

A meeting was held on April 1 1993 to discuss Operable Unit No 1 (OU 1) wetlands issues. In attendance (see attached list) were representatives from the Department of Energy (DOE) EG&G Rocky Flats Inc the Environmental Protection Agency (EPA) and the Colorado Department of Health (CDH). The following issues were resolved during the meeting:

- Two thousand square feet of land will be mitigated into a wetland area
- Vegetation coverage will be in the form of cattails willows and sedges
- Cattail coverage will be vegetated on one foot centers
- Cottonwoods will not be considered a mitigation item
- Existing wetland vegetation must be monitored to alleviate concerns over inadvertent impacts
- To measure success of the newly established wetland the area will be monitored at the end of each growing season (late August early September). A report of the monitoring findings (including photos) will be submitted to DOE and the regulatory agencies
- By April 15 1993 DOE will notify EPA and CDH of the progress of revegetation including a surveyed map and a cross section of the area to be revegetated
- status of cattail sources and
- estimated time when planting will occur

Concurrence of the above items
