RE: Consolidation of OU 1 and OU 2 treatment facilities

Dear Mr. Slaten:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division (the Division) and the Environmental Protection Agency (EPA) have reviewed the Department of Energy's request to consolidate the OU 1 and OU 2 treatment facilities. Because this consolidation is anticipated to be an integral part of a sitewide water treatment strategy, this action is approved.

If you have any questions regarding these matters, please contact Carl Spreng with the Division at 692-3358 or Bill Fraser with EPA at 294-1081.

Sincerely,

Joe Schieffelin, CDPHE
