Discussion and/or Comments

In compliance with the Interagency Agreement (IAG) between the Environmental Protection Agency (EPA) the Colorado Department of Public Health and Environment (CDPHE) and the Department of Energy/Rocky Flats Field Office (DOE/RFFO) enclosed for submittal is for the final OU 2 Phase II Resource Conservation and Recovery Act (RCRA) Facility Investigation/Remedial Investigation (RFI/RI) Report. The Final Report consists of page changes to the Draft Final Report new binder spines and covers and final responses to the regulatory agency comments to the Draft Final OU 2 Phase II RFI/RI Report. These will be delivered to the EPA, CDPHE and Natural Resources Damage Assessment Trustees on Monday, October 23, 1995 in accordance with the negotiated milestone.

The page changes for the final document were prepared as per the responses to regulatory agency comments on the Draft Final OU 2 Phase II RFI/RI report. Directions for exchanging the pages are included in the package. Document spines and covers are also provided to enable document holders to update the report from the Draft Final to Final.

Final responses to agency comments on the Draft Final OU 2 Phase II RFI/RI Report are included. These comments were addressed by providing further explanation of methodologies and minor modifications to the text and tables for clarity. Other comments required the correction of some text and tables due to errors. These changes were reviewed by representatives from Rocky Mountain Remediation Services, L.L.C., Kaiser Hill, L.L.C., and DOE/RFFO.

The submittal satisfies the IAG requirements for delivery of the Final OU 2 Phase II RFI/RI Report.

If you have any questions regarding this submittal please feel free to call Annette Primrose at extension 4385 or Robin Volk at extension 7700.
