4300 Cherry Creek Drive South
Denver, Colorado 80222-1530

Dear Ms. Chaki and Mr. Rehder:

Please find enclosed the "Final Proposed Action Memorandum For The Source Removal At Trench T-1, IHSS 108, Rev. 4" (PAM). There were no public comments received during the Public Comment Period; however, minor comments from the U.S. Department of Energy (DOE) have been incorporated. DOE also received recommendations from the City of Westminster on the T-1 project after the public comment period ended, and we received recommendations from the Rocky Flats Citizen's Advisory Board. Attached, DOE has provided responses to the above recommendations separately with this transmittal. We are requesting approval of the PAM by August 8, 1997.

DOE would like to meet with the Environmental Protection Agency and the Colorado Department of Public Health and Environment in order to review the Administrative Record file for completeness which is to be conducted prior to the closure of the decision document for the action for Trench T-1. This meeting is called the Site Technical Administrative Record Review meeting. DOE would like to schedule that on Thursday, August 7, 1997.

We appreciate your continued support in meeting our accelerated project schedules. If you should have any technical questions regarding this transmittal, please contact Norma I. Castaneda at (303)966-4226 or contact me at (303)966-4298.

Bob April, Group Lead
Regulatory Liaison
