Resumption of OU-3 Field Activities Previously Delayed By Bald Eagles.

Bob
Robert Benedetti, Associate General Manager, ERM, EG&G Rocky Flats, Inc.
George Setlock, Director, Environmental Protection, EG&G Rocky Flats, Inc.

In the February 12, 1993, memo (ERD:BB:01688) to you, EG&G was directed to halt or delay field activities in the vicinity of the nesting pair of bald eagles at Standley Lake and on the Jefferson County Remedy Acreage. Attached is a letter from the U.S. Fish and Wildlife Service (USFWS), dated June 17, 1993, providing permission to resume OU-3 CERCLA field activities and guidance for the application of certain herbicides on the Remedy Acreage. Note that they wish to see a demonstration of the proposed air monitoring equipment.

If you have any questions, please call Robert H. Birk of my staff at extension 5921.
