RE: Standley Lake Protection/Diversion Project; Rocky Flats  
Remedial Action Property - Soils Tests - Request by the  
City of Westminster

Dear Gentlemen:

Enclosed is a copy of a request by the City of Westminster to enter property acquired with Open Space funds and to do soils samples. Since this request involves property that is known as the Rocky Flats Remedial Action Property and is the subject of the 1984 Settlement Agreement, I am requesting your review of such request as it relates to such property. As you will note, according to the enclosed letter from Westminster, work is scheduled to begin on June 8. I am enclosing a copy of my letter to Westminster which was sent via the fax on Sunday, June 7. (I was made aware of and received a copy of Westminster's letter on Friday afternoon, June 5.)

We recently received a similar request from Mike Guillaume

*Schedule*

at EG & G and are awaiting a copy of a fully executed copy from Department of Energy. Do you know when we can expect that copy?

Please let me know whether you recommend approval of the requested access by Westminster since you are handling remediation on the Rocky Flats Remedial Action property. Please also provide a copy of this letter to the attorney handling the remediation activities. Also, please ask the attorney to contact me so that I can discuss the request by the City of Westminster to purchase some of the Rocky Flats Remedial Action property for the Standley Lake Protection/ Diversion Project with the attorney. If you prefer, we can schedule a meeting to discuss this proposal with you in attendance. Please let me know your preference as soon as possible.

Thank you for your attention to this matter.

Very truly yours,

Mary Lynn Tucker  
Assistant County Attorney  
Jefferson County Courthouse  
Golden, CO 80419  
271-8959
