Attention Rocky Flats Project Manager, 8HWM-RI

Dear Mr Rehder

Enclosed are three copies of the Operable Unit 3 (OU-3) Final Proposed Plan. The Proposed Plan summarizes the results of the OU-3 Resource Conservation and Recovery Act (RCRA) Facility Investigation/Remedial Investigation (RFI/RI) Report. Based upon the results of the RFI/RI Report, the Plan proposes that no remedial action be performed in OU-3, owing to the very low risks posed by contamination there.

Based upon a verbal concurrence to release the Proposed Plan given by Mr Gary Kleeman of your staff on July 30, 1996, the U S Department of Energy plans to release this document for a public comment period from August 7, 1996, through October 11, 1996. However, we would appreciate receiving your formal, written approval of the Proposed Plan.

Thank you for your assistance in readying the Proposed Plan for public release. If you have any questions, please call me at 966-6246.

Sincerely,

John J. Rampe
