RE: Rocky Flats restart

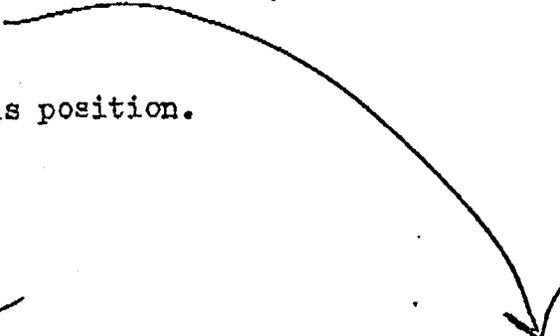

This guy says it all:

I agree totally with his position.

Sincerely,

Editor:

Rocky Flats restart is insane.

We as a nation are going into debt to produce a poison which we have no place to put, to defend against an enemy which we do not have, with weapons we can never use. This is insanity!

I urge you to urge Sen. Wirth, Gov. Romer and Reps. Schroeder and Skaggs to use their sanity to stop restart before it begins.
