The Department of Energy/Rocky Flats Office has received formal approval from the Colorado Department of Health (CDH) for the 43-day extension request for submitting the Operable Unit 4 Draft Interim Measures/Interim Remedial Action (IM/IRA) Decision Document. As stated in the attached letter from CDH, the Division expects the delivery of the Final IM/IRA Title II Design document and the commencement of construction activities not to be impacted by the 43-day extension. The revised dates related to the Phase I IM/IRA Decision Document should be incorporated into the EG&G working schedule.

If you have any questions please contact me at extension 7846.
