Denver, Colorado 80202-2405

Mr. Gary Baughman
Colorado Department of Health
HMWMD-HWC-B2
4300 Cherry Creek Drive South
Denver, Colorado 80222-1530

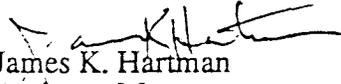

Gentlemen:

Enclosed please find four copies each of final Technical Memoranda (TM) 1 and 2 to the OUS RFI/RI Phase I Work Plan for the Woman Creek Priority Drainage. Also enclosed are two copies each of the draft TM3--Surface Soil Sampling Plan for IHSS 115, the original landfill, for your review and comment.

The U.S. Department of Energy believes that all comments from the Environmental Protection Agency and the Colorado Department of Health have been adequately addressed in TMs 1 and 2. Comment response sheets are included as an appendix to each TM. TM1 is being implemented based on conditional approval granted in an EPA letter dated October 19, 1992. Field work has begun under TM2 based on conditional approval granted in an EPA letter dated September 28, 1992. The cooperation of the EPA and CDH in streamlining the review process of these TMs is appreciated.

If you have any questions or comments, please contact Jen Pepe of my staff at 966-2184. Please respond with comments on TM3 by October 30, 1992.

Sincerely,

James K. Hartman
Assistant Manager
for Environmental Management
