Gentlemen:

Enclosed please find Final Technical Memorandum No. 3 (TM3) for Operable Unit 5 at the Rocky Flats Plant for your records. The TM, which addresses surface soil sampling at the old landfill (IHSS115), is required by the OU5 Phase I RFI/RI Work Plan. The draft TM was approved in a letter from EPA and CDH dated December 28, 1992, and field work has been completed.

If you have any questions, please contact Jen Pepe of my staff at 966-2184.

Sincerely,
