Ms. Mary Harlow  
Department of Public Works and Utilities  
City of Westminster  
4800 W. 92nd Avenue  
Westminster, CO 80030

Dear Ms Harlow:

I apologize that my October 9, 1997, letter was not mailed to you, and regret the delay in responding to your letter of September 24.

Thank you for your comments on the plan for "Source Evaluation and Preliminary Proposed Mitigating Actions for Walnut Creek Water-Quality Results, dated September, 1997 (the "Plan". We will take these comments under advisement during the development of the Progress Report to the Plan and the Final Plan. We strive to keep you fully informed on current surface water activities at the Rocky Flats Environmental Technology Site through the documents provided to you---such as the weekly Surface Water Project Status Summaries, the Surface Water Flash Briefs, and Progress Report #1 to the Plan--as well as participation in the monthly Surface Water Issues Meetings and the quarterly Data Exchange Meetings. We believe that participation in these meetings provides the ideal forum for technical discussions of surface water issues and encourage you to raise issues, like those identified in your September 24th letter, during these meetings. If you feel that these meetings do not provide you with sufficient opportunity to discuss your issues, we would be happy to meet with you for further dialogue.

Feel free to contact me at 966-4839 if you have any questions or would like to set up a meeting to discuss issues that you may have

Sincerely,

*John C Morris*  
for Steve Slaten  
RFCA Project Coordinator
