Dear Mr. Legare:

RE: Environmental Restoration RFCA Standard Operating Protocol for Routine Soil Remediation FY04 Notification #04-11 IHSS Group NE-1 (Ponds B-1, B-2, and B-3)

The Environmental Protection Agency (EPA) and the Colorado Department of Public Health and Environment (CDPHE) have reviewed the above referenced document, submitted November 18, 2004. The document revisions have adequately addressed issues submitted by CDPHE and EPA on the two previous versions, September 2004 and October 2004, of this notification. Therefore, EPA approves the referenced RSOP notification.

On a related, but separate activity, EPA requests submittal of the B-Series Ponds dam reconfiguration design documents and work plans, referenced in this RSOP notification, for the purpose of review and coordination of Clean Water Act Section 404 activities.

If you have any questions, please contact Larry Kimmel at 303-312-6659.

Sincerely,

C. Mark Aguilar
Rocky Flats Team Leader
