MEMORANDUM

TO Randy Ogg - EG&G Rocky Flats, Inc. (EST)

FROM Greg Davis - The S M Stoller Corporation

SUBJECT Responses to Agency Comments on the August 1990 Draft Final Phase I RFI/RI Work Plan for Operable Unit No 7, Present Landfill (IHSS 114) and the Inactive Hazardous Waste Storage Area (IHSS 203)

DATE November 27, 1991

REF BA 94471CL

The S M Stoller Corporation is pleased to submit the following responses to Colorado Department of Health (CDH) comments on the Draft Final Phase I RFI/RI Work Plan for Operable Unit No 7, prepared under the referenced contract. Additionally, responses to the EPA concerns expressed in their letter to CDH dated September 19, 1991 are presented below.

The work plan has been revised in response to the majority of the comments made by CDH. Replacement pages have been submitted for insertion into the subject document, as requested by CDH. Enclosed with this memorandum are 40 sets of copies of the replacement pages.

If you have any questions or comments regarding the document, do not hesitate to contact me at 449-7220.
