RE: Final Sampling and Analysis Plan for the Operable Unit 7 Passive Aeration System

Dear Mr. Legare:

This correspondence concerns the Final Sampling and Analysis Plan (SAP) for the Operable Unit (OU) 7 Passive Aeration System. It appears that comments transmitted to DOE from the agencies have been incorporated into the Final SAP. We are therefore approving this document which details sampling and analysis measures at the OU7 Aeration System. This plan will be in effect until a comprehensive landfill closure is completed.

If you have any questions, please contact either of us.

Sincerely,

Timothy Rehder
RFCA Project Coordinator
US Environmental Protection Agency

Steven H. Gunderson
RFCA Project Coordinator
Colorado Department of Public
Health & Environment
