RE: Draft Phase I RFI/RI Workplan for OU 10: Other Outside
Closures, November, 1991

Dear Mr. Lockhart,

The Colorado Department of Health, Hazardous Materials and Waste Management Division (the Division), has reviewed the above referenced document submitted by DOE and its prime operating contractor, EG&G. The Division's comments along with those of the Environmental Protection Agency (EPA) are attached.

Several major issues are raised in the comments which seem to stem from a lack of coordination between this draft plan and approved plans for other RFP OUs. Please resolve these issues before submitting the final version of this workplan. In the future, workplan preparation should utilize as much previously established policy as possible so as to avoid needless comments.

If you have any questions regarding these matters, please call Joe Schieffelin of my staff at 331-4421.

Sincerely,

Gary W. Baughman
Unit Leader, Hazardous Facilities Unit
Hazardous Materials and Waste Management Division
