Subpart D Categorical Exclusion (RFO/CX10-94) Determination

R.G. Lightner, Director
Office of Southwestern Area Programs
EM-45 Headquarters

We are writing to submit a categorical exclusion recently approved by the Rocky Flats Field Office for your review. A copy of RFO/CX10-94, Background Soils Characterization, is attached.

Based upon guidance received from the EH-252, we have determined that the floodplains at Rocky Flats Plant do not meet the definition of floodplains contained in 10CFR 1022. Therefore, although the activities proposed in the categorical exclusion would take place within floodplains at Rocky Flats Plant, we are not submitting a floodplain assessment or submitting a Floodplain Statement of Findings for your review and publication in the *Federal Register*.
