Gentlemen:

Enclosed for your review are two copies of the Operable Unit No. 13 Final Technical Memorandum No. 1 (TM1) Addendum to the Field Sampling Plan, and a copy of the Department of Energy's response to the comments that were submitted by the Colorado Department of Public Health and Environment. The Environmental Protection Agency did not submit comments. One copy of the TM1 is redlined for your convenience in reviewing the revisions made.

The sampling under TM1 was conducted according to the work plan and the approved TM1 sampling maps. Please forward any comments that you may have to Regina Sarter of Rocky Flats Field Office.

Please call Regina Sarter at 966-7252 if you have any questions.

Sincerely,
