TRANSMITTAL OF THE FINAL TECHNICAL MEMORANDUM NO. 1, INDUSTRIAL AREA
SURFACE WATER AND SEDIMENT FIELD SAMPLING PLAN - SBS-001-95

Action: Transmit to regulatory agencies

Please find the enclosed six copies of the Final Technical Memorandum No. 1, Industrial Area Surface Water and Sediment Field Sampling Plan. Two copies are for the Department of Energy/Rocky Flats Field Office (DOE/RFFO), two are for the Environmental Protection Agency, and two copies are for the Colorado Department of Public Health and the Environment (CDPHE). This plan, in draft form, has been previously reviewed by DOE/RFFO and the regulatory agencies. Six copies of the responsiveness summaries generated from CDPHE's informal comments are also enclosed.

This technical memorandum must be approved by the agencies no later than January 20, 1995 in order to not delay field sampling and interfere with coordination of the Rocky Flats Environmental Technology Site maintenance operations.

Thank you for your assistance with this document. If you need additional copies or if there are any questions, please do not hesitate to contact me at extension 8670 or on digital pager 4619.
