Gentlemen:

Enclosed please find the Draft Operating Unit 15 (OU-15) Technical Memorandum Number 1 being sent to you for review and comment. We would like to use this technical memorandum as a basis for a no-action decision by EPA and CDH. We are requesting an accelerated schedule by using a simultaneous review by HQ-DOE, CDH, and EPA. Please return your comments to this office in two weeks. If the reviews show no omissions were made, we plan to use this report to replace the Phase One RFI-RI report that is scheduled for delivery August 1, 1994

Please pay particular attention to Table 6-1 on Page 6-25 of the enclosed report. Footnote 4 is of the most interest because this issue could have an impact on a no-action recommendation.

We would like your comments back by March 11, 1994. Please phone Bill Fitch if you have any questions at 966-4013.

Sincerely,

Jessie Roberson  
Acting Assistant Manager for  
Environmental Restoration
