Mr. Joe Schieffelin, Unit Leader  
Hazardous Waste Facilities  
Colorado Department of Public Health and Environment  
4300 Cherry Creek Drive South  
Denver, Colorado 80222-1530

Gentlemen:

This letter transmits the Draft Proposed Plan and Draft Modification of the Colorado Hazardous Waste Permit for the Rocky Flats Environmental Technology Site Operable Unit 15 (OU-15): Inside Building Closures (DPP/DRPM), for your review and comment. Additionally, a copy of the "Certification for RCRA Closure for the OU-15 IHSSs" is enclosed for your information.

Preliminary draft copies of the DPP/DRPM document have been discussed with Mr. Spreng and Mr. Duran and advanced copies of this document were transmitted by FAX to these respective individuals on April 7, 1995.

In order to achieve closure of OU-15 this fiscal year, which is in keeping with the accelerated schedule proposed by EPA, a rapid turn-around by the regulators is needed. Therefore, we request that the review and comment period for this document be completed no later than April 21, 1995, and that EPA and CDPHE be ready to meet with DOE and EG&G on April 24, 1995, to resolve comments prior to the formal transmittal of these comments to DOE.

We look forward to your support in this endeavor and the closure of OU 15 in FY95. If you have any questions or comment, please contact William N. Fitch at 966-4013.

Sincerely,

Steven W. Slaten  
IAG Project Coordinator  
Environmental Restoration
