Subject: Headquarters Approval of Operable Unit 16 Corrective Action Decision/Record of Decision

After discussing Ralph Lightner's OU-16 approval letter of 8/15/94 with you today, Rocky Flats will include language in the declaration statement (per OSWER Directive 9355.3-02, Exhibit 9-2) to read as follows:

#### Declaration Statement

DOE has determined that no remedial action is necessary to be protective of human health and the environment at Rocky Flats Operable Unit 16: Low Priority Sites. Because the remedy will not result in hazardous substances remaining onsite above health-based levels, a five-year review is not required.
