RE: OU 16 Record of Decision (ROD) and final Responsiveness Summary.

Dear Ms. Roberson,

EPA has reviewed the Draft ROD and final Responsiveness Summary for OU 16, the Low Priorities Sites. In general, EPA concurs with the "No Further Action" decision for IHSSs 185, 192, 193, 194 and 195. Also, EPA agrees that further investigation is necessary for IHSSs 196 and 197. The attached comments are forwarded with the purpose of improving the quality of the document. These comments are mostly editorial in nature and should not require extensive revision of the document. Please make appropriate changes to the document and return it for final signature.

If you have any questions regarding this matter, please contact Arturo Duran of my staff at 294-1080.

Sincerely,

Martin Hestmark, Manager  
Rocky Flats Project
