SUBJECT: Offsite Well Abandonment at the Former Rocky Flats Plant

This correspondence is in reference to three existing monitoring wells that were installed in the 1990s off of the former Rocky Flats Plant property. The wells are located immediately west and east of Great Western Reservoir as illustrated in the attached map. They are not useful to the Rocky Flats Site and are scheduled to be abandoned in accordance with regulations set forth by the State of Colorado. The abandonment of said wells will commence unless written objection from the City of Broomfield is received by the U.S. Department of Energy Office of Legacy Management within 30 days of the date of this letter.

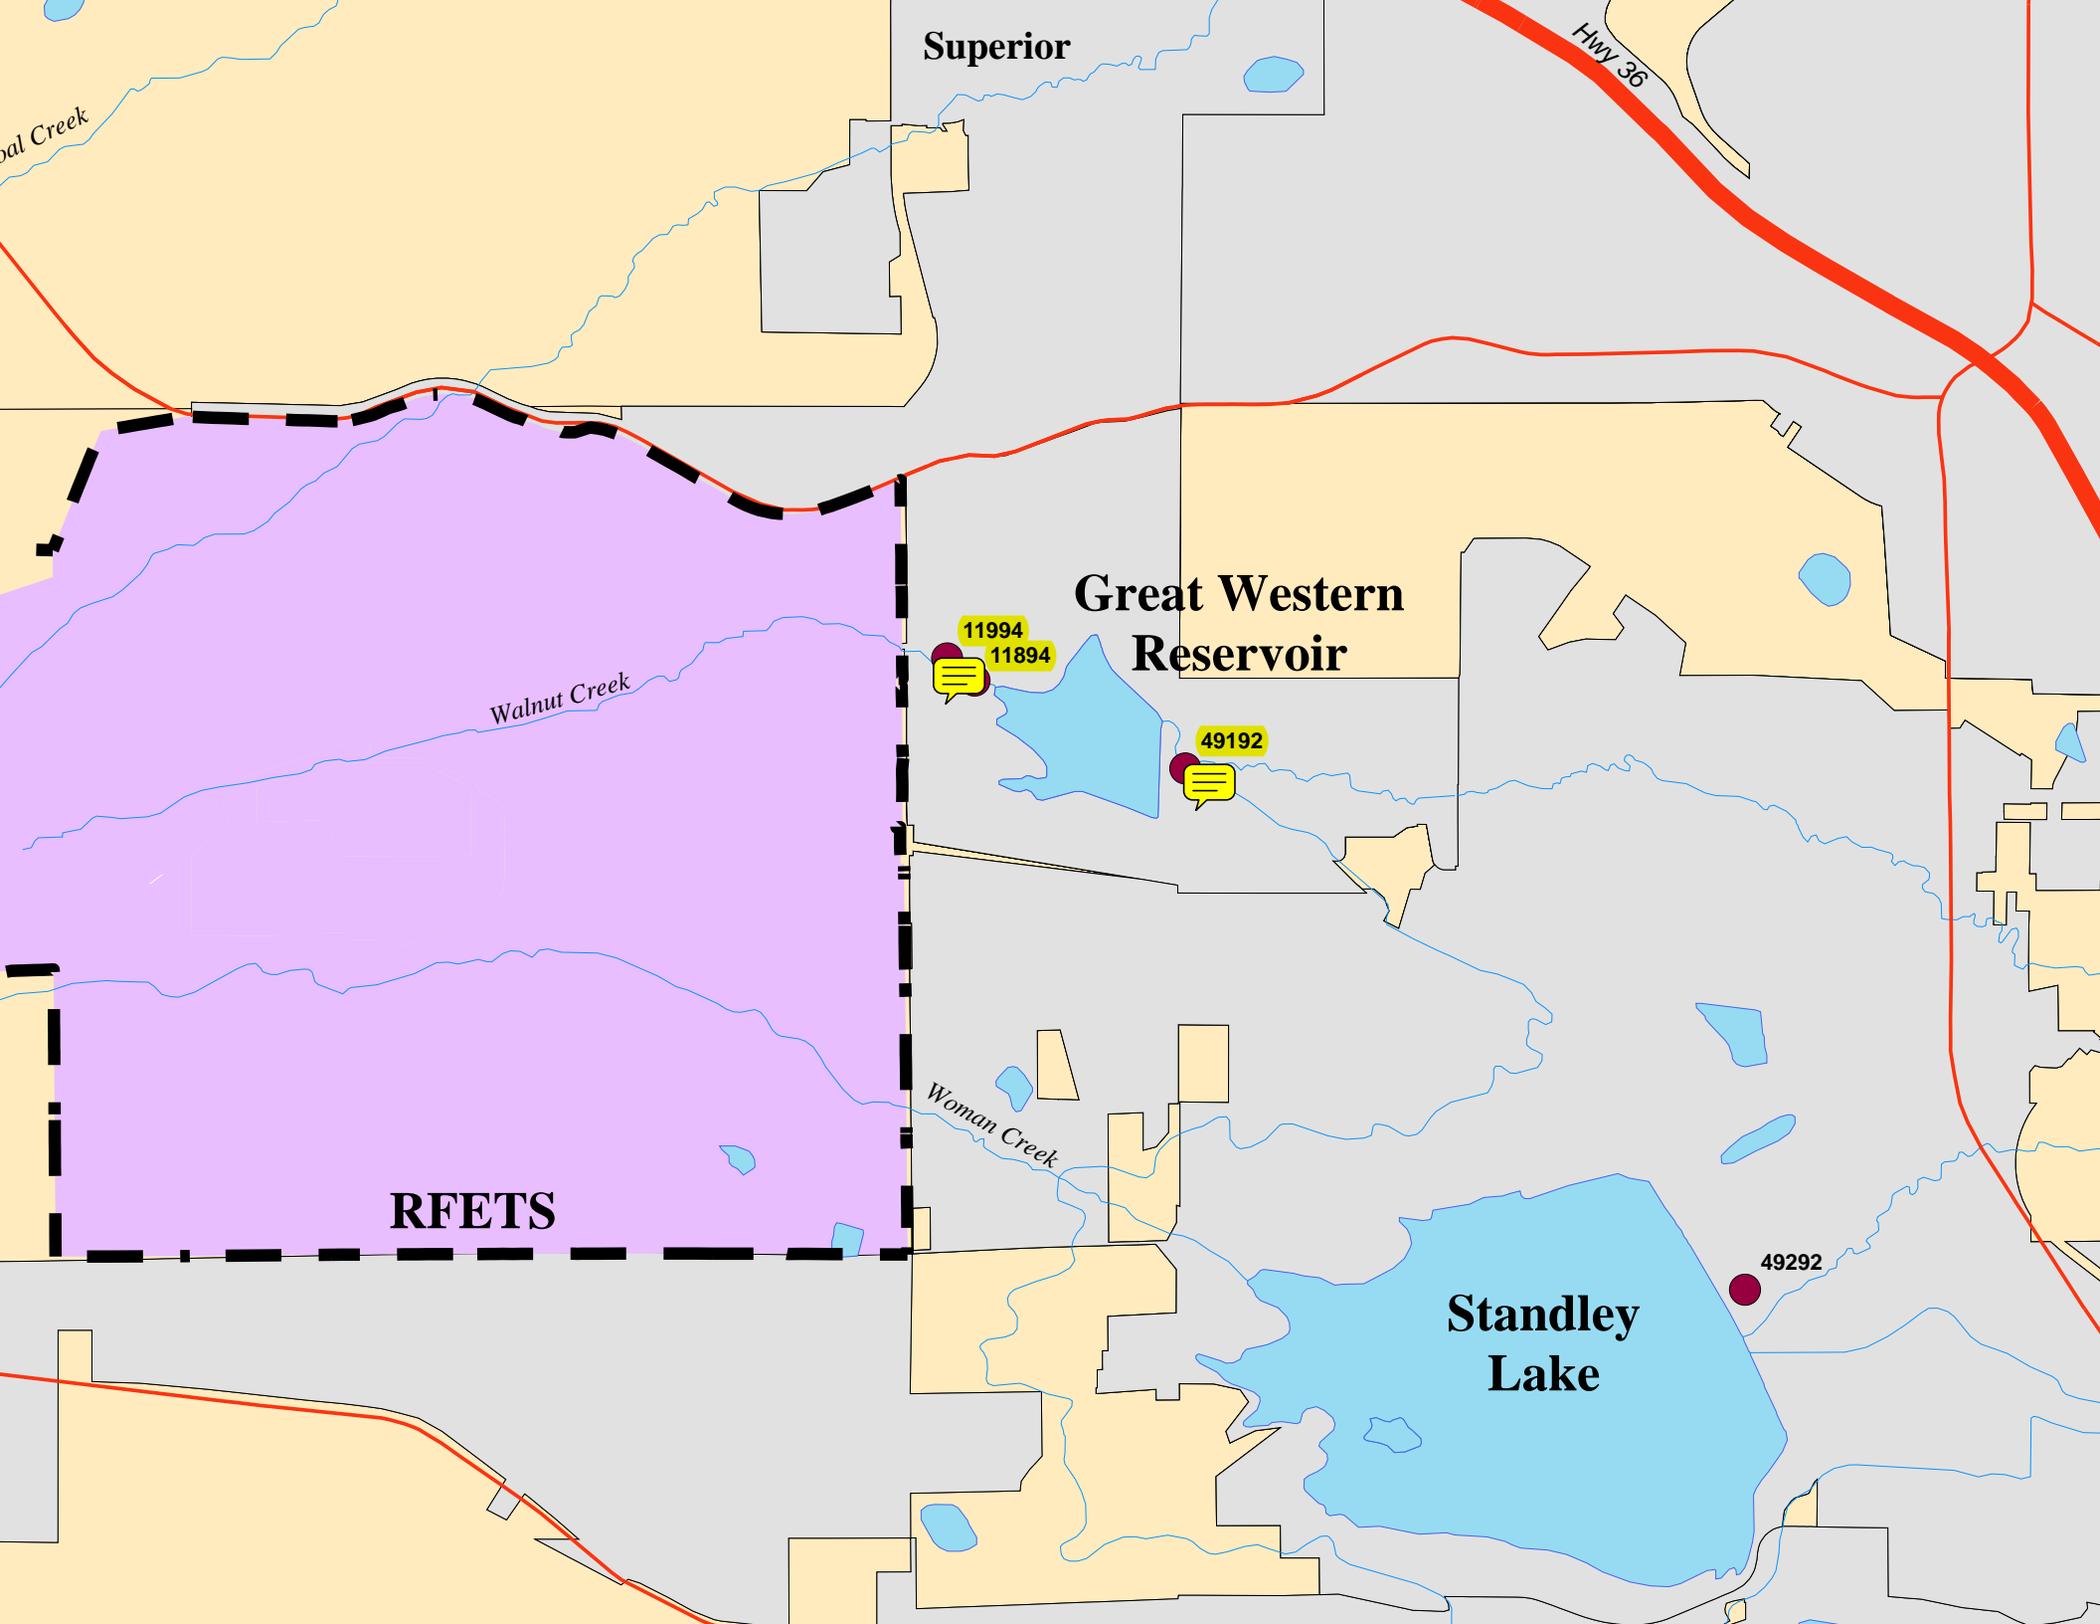

If you have any questions or require additional information regarding this correspondence, please call me at (720) 377-9682.

Sincerely,

Scott R. Surovchak
LM Site Manager
