RE: RFLMA Contact Record 2010-07

Dear Mr. Surovchak:

The Colorado Department of Public Health and Environment has reviewed RFLMA Contact Record 2010-07, which documents recent monitoring results at the MSPTS and ETPTS groundwater treatment systems and the consultation that has occurred regarding those results. This contact record accurately reports agency consultations and it is therefore approved. This approval includes the proposed action to replace the treatment media at the MSPTS. Region 8 of the Environmental Protection Agency has also reviewed this contact record and concurs with its approval.

Any further actions beyond those mentioned in this contact record may be proposed in a subsequent contact record for approval.

Please let me know if you have any questions regarding this approval.

Sincerely,

Carl Spreng
RFLMA Project Coordinator
