**Subject:** Pond discharge notification for Rocky Flats dams A-4 and B-5 posted to the DOE Legacy Management website

The U.S. Department of Energy Office of Legacy Management has posted a pre-discharge notification for Rocky Flats Dams A-4 and B-5 to the Rocky Flats website on the Site Documents page at [http://www.lm.doe.gov/Rocky\\_Flats/Documents.aspx](http://www.lm.doe.gov/Rocky_Flats/Documents.aspx). All results from pre-discharge sampling conducted on Aug. 18, 2011 indicate that water quality standards at downstream Points of Compliance (POCs) will be met during discharge. The sampling results are included with the notification and dam discharge is anticipated to begin at the end of this week.
