Wonderful, open floor plan in this charming Willow Park home! Newer carpet, furnace, and H2O heater! Great location right across from the greenbelt and steps from the park! Backyard is beautifully landscaped and features a large covered patio! This 3 bedroom home has been well maintained and is ready to move into today!

U.S. DEPARTMENT OF ENERGY

Colorado Department of Public Health and Environment

DOE, EPA, CDPHE Approve Rocky Flats CAD/ROD Amendment

The U.S. Department of Energy (DOE), the Colorado Department of Public Health and Environment (CDPHE), and the U.S. Environmental Protection Agency (EPA) have approved an amendment to the Corrective Action Decision/Record of Decision for the Rocky Flats Site.

The Rocky Flats CAD/ROD was originally issued September 29, 2006, and the original response actions selected were institutional controls (ICs), physical controls, and continued monitoring. The CAD/ROD has been amended to clarify the description of certain ICs.

The CAD/ROD amendment also removes the requirement that any modification to ICs can be made only by a formal CAD/ROD amendment and provides that proposed changes to ICs in the future will follow the regulatory process in effect at the time of the proposal. In addition, the CAD/ROD amendment requires that the existing environmental covenant granted by DOE to CDPHE will be modified to reflect the IC clarifications and incorporates current Colorado law by providing for the use of either an environmental covenant or a restrictive notice.

The three agencies also approved a modification to Rocky Flats Legacy Management Agreement (RFLMA) that incorporates the IC clarifications and implements additional CAD/ROD amendment requirements.

A letter notifying the public of the release of the approved CAD/ROD amendment that explains the amendment in more detail is available on the **Community Involvement** page of the Rocky Flats website at http://www.lm.doe.gov/Rocky_Flats/Sites.aspx?view=5.

The CAD/ROD amendment and RFLMA are posted on the **Regulatory Documents** page on the Rocky Flats Site website at http://www.lm.doe.gov/Rocky_Flats/Regulations.aspx.

If you have any difficulty accessing the documents from the website, or have any other questions, please e-mail Bob Darr at bob.darr@lm.doe.gov, or call (720) 377-9672, to request assistance.
