RE: RFLMA Contact Record 2011-08

Dear Mr. Surovchak:

The Colorado Department of Public Health and Environment (Department), in coordination with Region 8 of the Environmental Protection Agency, has reviewed Rocky Flats Legacy Management Agreement (RFLMA) Contact Record 2011-08. This contact record accurately and sufficiently documents the consultation provided by the US Department of Energy and its contractor with regards to the reportable conditions at GS10 due to elevated concentrations of americium. The Department finds the plan and schedule to address the reportable condition consistent with the process in RFLMA Attachment 2 and therefore approves Contact Record 2011-08.

Please let me know if you have any questions regarding this approval.

Sincerely,

Carl Spreng  
RFLMA Project Coordinator
