RE: RFLMA Contact Record 2012-01

Dear Mr. Surovchak:

The Colorado Department of Public Health and Environment (Department), in coordination with Region 8 of the Environmental Protection Agency, has reviewed Rocky Flats Legacy Management Agreement (RFLMA) Contact Record 2012-01. This contact record is consistent with the consultation with the Department, which occurred on March 24, 2012. The road maintenance and regrading activities proposed in this contact record are in accordance with the rationale and objectives of Institutional Controls 2 and 3. The Department has further determined that the proposed activity will not result in an unacceptable release or exposure to residual subsurface contamination, and will not damage any component of the remedy. The Department therefore approves Contact Record 2012-01 and the Soil Disturbance Review Plan attached to it.

Please let me know if you have any questions regarding this approval.

Sincerely,

Carl Spreng
RFLMA Project Coordinator

Subject: DRAFT CR 2012-01 Roads Maintenance

Hello, attached is the final Draft CR for review and approval.

The CR includes the Soil Disturbance Review Plan in accordance with RFLMA Attachment 2, Section 4.0.

After your approval, with changes incorporated as necessary for approval, the CR will be posted to the Rocky Flats website and notification to stakeholders of the posting made.

Work covered by the CR will not be performed until 10 days after the posting.

We are hoping to mobilize on Monday 6/11/12, and will schedule the work for the 3 locations covered by the SDRP based on the end of the 10 day period, but if possible if approval by email can be done followed by the formal approval correspondence we can begin the posting process the same day as the email.

Please let me know if you have any questions or need further information regarding the Draft CR.

Thank you
