

## Raynes, Scott (CONTR)

---

**From:** DOE Office of Legacy Management  
**Sent:** Friday, December 21, 2012 11:33 AM  
**Subject:** New Rocky Flats contact record available on the DOE Legacy Management website

The U.S. Department of Energy has posted contact record RFLMA CR 2012-03, "Minor Modification of *Rocky Flats Legacy Management Agreement* (RFLMA) Attachment 1, "Site Map," and of RFLMA Attachment 2, "Legacy Management Requirements" to the DOE Legacy Management Rocky Flats website at [http://www.lm.doe.gov/Rocky\\_Flats/ContactRecords.aspx](http://www.lm.doe.gov/Rocky_Flats/ContactRecords.aspx) .

The contact record summarizes the RFLMA parties discussion and agreement that RFLMA Attachments 1 and 2 should be modified to reflect changes since the last modifications to these attachments were approved in September 2011.

These changes are:

- Completion of breaching the Present Landfill Pond and Pond A-3 dams, resulting in a change to several map figures to show the new surface water configuration as wetlands.
- Completion of the installation of the new flumes for surface water monitoring locations WOMPOC and WALPOC and notification to CDPHE and EPA to complete the requirements for these locations to become new Points of Compliance (POCs).
- Completion of the third 5-year review, which necessitates clarifying the scheduling for subsequent reviews.
- Deletion of specific vegetation inspections at the landfills as recommended in the third 5-year review.
- Recent changes to Regulation #31, "Basic Standards and Methodologies for Surface Water" (5 CCR 1002-31) (Reg. #31) which require updates to RFLMA Attachment 2, Table 1, "Surface Water Standards".

Several items in RFLMA Attachment 2 will also be updated or clarified as part of the modification as editorial changes.
