

From: [DOE Office of Legacy Management](#)
Subject: DOE has posted a new contact record to the Rocky Flats Legacy Management website
Date: Thursday, October 09, 2014 7:25:41 AM

The U.S. Department of Energy has posted [RFLMA CR 2014-09](#), “Soil Disturbance Review Plan Update for Re-grading the East Perimeter Channel at the Original Landfill”, to the Rocky Flats DOE Legacy Management website. This contact record documents the consultation between the RFLMA Parties to address localized cracking and slumping on the east side of the channel, outside the landfill boundary.

Contact records may be accessed on the Community Involvement page at http://www.lm.doe.gov/Rocky_Flats/Sites.aspx?view=5.

If you have any difficulty accessing this contact record, or have any other questions, please contact:
