

From: [DOE Office of Legacy Management](#)
Subject: DOE has posted a new contact record to the Rocky Flats Legacy Management website
Date: Thursday, September 03, 2015 2:59:55 PM

The U.S. Department of Energy Office of Legacy Management has posted Rocky Flats Legacy Management Agreement (RFLMA) contract record [RFLMA CR 2015-07](#), *Vinyl chloride results from the Present Landfill Treatment System (PLFTS) effluent triggered the consultative process*, to the Rocky Flats Legacy Management website at http://www.lm.doe.gov/Rocky_Flats/ContactRecords.aspx.

[RFLMA CR 2015-07](#) documents the consultation between the RFLMA Parties regarding the evaluation of an exceedance of a surface-water standard at the PLFTS effluent monitoring location (PLFSYSEFF) that triggered monthly effluent sampling to provide additional data for evaluation.

If you have any difficulty accessing this contact record or have any other questions, please contact:
