Gentlemen:

Enclosed are two (2) copies each of the SOP's for field and waste handling activities for environmental restoration work to be carried out under the IAG. These SOP's are crucial in efforts to start field work and need your upmost attention. The SOP's for air are being developed at this time and are expected to be ready for your review in August 1991.

If you have any questions or comments relative to those documents, please feel free to contact me or Tom Olsen of my staff at extension 966-2762.
