Mr. Fred Dowsett
Hazardous Materials and Waste Management Division
Colorado Department of Health
4210 East 11th Avenue
Denver, Colorado 80220

Dear Mr. Dowsett:

Enclosed are responses to the Colorado Department of Health's comments on the Ground Water Assessment Plan Addendum and CDH's comments on the 1989 and 1990 Ground Water Monitoring Reports, dated September 5, 1991.

The responses are for your records. Due to changes in the Ground Water Assessment Plan, many of these responses are no longer meaningful. For example, the Addendum to the Assessment Plan has been incorporated into the Assessment Plan, which itself has been revised. As discussed with Caren Johannes, we are now focused on the new Assessment Plan and its' relationship to the RCRA Annual Report.

If you have any questions, please contact Jen Pepe of my staff at 966-2184.

Sincerely,

David P. Simonson
Assistant Manager
for Environmental Management
