Mr. Martin Hestmark
U.S. Environmental Protection Agency, Region VIII
ATTN: Rocky Flats Project Manager, 8HWM-RJ
999 18th Street, Suite 500, 8WM-C
Denver, Colorado 80202-2405

Dear Mr. Hestmark:

I am writing in response to your letter of September 5, 1991, regarding environmental restoration community relations. I appreciate your suggestion that Rocky Flats mail all fact sheets to the community. We do strive for wide distribution of our fact sheets through a variety of mechanisms. At this point, however, we have not made a decision to mail every fact sheet and are hesitant to do so until long-term budget issues are resolved.

Meantime, we are following EPA's suggestion that we publish a list of available fact sheets, which we will mail to each individual and organization on the plant's mailing list. It will include a Community Relations Department telephone number for ordering any of the fact sheets listed.

Your letter also refers to the schedule for completion of the final Community Relations Plan and responsiveness summary. As you know, the IAG does not provide a milestone date for this activity, and, hence, the fact that it is not yet complete does not signify a delay in terms of deliverables to EPA or CDH. We agree that the plan should be available to the public as soon as possible and will provide a draft final of each document to the agencies for review by September 30, 1991.

Sincerely,

David P. Simonson
Assistant Manager
for Environmental Management
