ROCKY FLATS PLANT
CORRESPONDENCE CONTROL

Federal Insecticide, Fungicide and Rodenticide Act Surveillance

J. M. Kersh, Associate General Manager
Environmental Restoration and Waste Management
EG&G Rocky Flats, Inc.

Please find attached the report for the FY91 surveillance of EG&G's compliance with the requirements of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). The surveillance addresses operational and organizational factors, as well as compliance with the appropriate Federal and State Statutes. The surveillance was conducted by Cliff Franklin of the Rocky Flats Office (RFO) Environmental Monitoring Branch.

The surveillance revealed that the plant is in compliance with FIFRA. However, there are some operational and organizational deficiencies that need to be addressed. In addition, the current National Environmental Policy Act (NEPA) documentation (1980 Environmental Impact Statement) does not adequately address the use of pesticides at Rocky Flats. Refer to the attached report for specific deficiencies that need to be corrected.

As agreed upon with your staff, a corrective action plan will be submitted to this office by April 30, 1991. If there are any questions, please feel free to contact me or have your staff contact Tom Lukow of my staff at extension 4561.

David P. Simonson
David P. Simonson
Assistant Manager
for Environmental Management
