REVIEW AND APPROVAL OF INTERIM COMMUNITY RELATIONS PLAN

Enclosed for DOE review and approval is the draft "Rocky Flats Plant Interim Community Relations Plan". This document would serve to formalize community relations activities for environmental restoration under the Interagency Agreement (IAG) until development and implementation of the final Community Relations Plan (CRP). While the interim CRP is not an IAG required document, it is promised to the public in the draft responsiveness summary for IAG public comments.

Following DOE approval, the draft should be forwarded to EPA and CDH for review and concurrence. I have enclosed a draft transmittal letter that could be used for that purpose.

In the interest of expediting implementation, it is not our intent that the Interim CRP be subjected to formal public review and comment. Rather, following transmittal to EPA and CDH, the draft would be provided to local government representatives, the Rocky Flats Environmental Monitoring Council and the Rocky Flats Cleanup Commission for comment. It is my intent that the Interim CRP be implemented by September 1, 1990.

Please let me know if you have comments or questions or if you would like to discuss the plan.

Terry A. Smith, Manager
Community Relations
