Item Number	Page	Step or Paragraph	Changes (Use DCN CONTINUATION SHEET for Additional Space)
5.0 Methods	4 of 11	Paragraph 4	Following "throughout the 10-minute purge "insert " , or throughout the 1-minute purge when sampling carbon treatment system."
	5 of 11	Paragraph 3	Following " Allow the water to purge for at least 10 minutes"insert" , or if sampling a carbon treatment system, allow the water to purge for at least 1 minute. "

Justification (Reason for Change - Provide Numbers To Reference Corresponding Items Above)

10- minute purge sequences are unnecessary for the carbon treatment system used and the frequency at which samples are obtained. A 1-minute purge sequence is adequate when collecting samples from the carbon treatment system.
