Colorado Department of Health Interim Final Policy and Guidance on Risk Assessments for Corrective Action at Resource Conservation and Recovery Act Facilities

Autar Rampertaap, Chief, Rocky Flats Branch, EM-453, DOE/HQ

Please find attached the Interim Final Policy and Guidance on Risk Assessments for Corrective Action at Resource Conservation and Recovery Act (RCRA) Facilities prepared by the Colorado Department of Health (CDH)

We request that this document be reviewed and comments be submitted to DOE/RFO by January 14, 1993. The review should focus on both the human health and ecological components of risk assessment. In addition, consideration should be given to integration with the requirements of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) and closure requirements under RCRA and the Colorado Hazardous Waste Act (CHWA). This is critical since the Rocky Flats Plant is subject to CERCLA, RCRA and the CHWA under our Interagency Agreement.

Upon receipt of comments, DOE/RFO will transmit them to CDH for consideration.

Any questions or concerns should be addressed to Bruce Thatcher of my staff at (303) 966-3532.
