Dear Mr Gunderson

Enclosed, please find a copy of the draft "Rocky Flats Cleanup Agreement Standard Operating Protocol (RSOP) for Recycling Concrete," and the response to comments received during the public comment period. The draft RSOP was revised to reflect comments regarding free release standards and to remove reference to a draft document in section 9.2. The RSOP is being submitted for approval to the Rocky Flats Cleanup Agreement Project Coordinators for the U.S. Environmental Protection Agency and the Colorado Department of Public Health and Environment.

The purpose and need for the RSOP were also discussed at several stakeholder meetings. The 45-day public comment period started on June 24, 1999 and was scheduled to end August 9, 1999. However, at the request of the City of Westminster, it was extended until August 23, 1999.

The comments and questions were considered in determining what revisions to make to draft RSOP. Some of the questions and issues were beyond the scope of this RSOP. We state in our resolution to the comments why they are not within the scope of this RSOP. However, because many of the out of scope questions and issues relate to the decommissioning program, we are continuing to discuss them with those who raised them.

Thank you for your consideration of this matter. If you have any questions regarding the modification, please call John Rampe at (303) 966-6246 or Fred Gerdeman at (303) 966-6203.

Sincerely,

A handwritten signature in cursive script that reads "Joseph A. Legare".
