Mr. Joe Schieffelin
Hazardous Waste Facilities Unit Leader
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, Colorado 80222-1530

Gentlemen:

The purpose of this letter is to inform you about the final recommendations and endorsements of two separate working groups, on the subjects of Operable Unit (OU) consolidation and Individual Hazardous Substance Site (IHSS) prioritization, respectively, at the Rocky Flats Environmental Technology Site (the Site). Enclosure 1 outlines the recommendations on OU consolidation and includes a map of the reconfigured OUs. Enclosure 2 is a list of prioritized IHSSs along with a description of the methodology used to develop this list.

As you know these working groups consisted of representatives from the Department of Energy (DOE), Kaiser-Hill (K-H), Rocky Mountain Remedial Services (RMRS), Colorado Department of Public Health and the Environment (CDPHE), and the Environmental Protection Agency (EPA). We wish to express our sincere appreciation to the representatives from your organizations, respectively, for their participation in the working groups and for their significant contributions in restructuring the Environmental Restoration program at the Site.

If you have additional questions on the matter of OU consolidation or IHSS prioritization, please contact Ravi Batra at 966-9664.

Sincerely,

Steve W. Slaten
Steve W. Slaten
LAG Project Coordinator
