**DECOMMISSIONING PROGRAM PLAN MODIFICATION
OUT FOR PUBLIC COMMENT**

Two proposed modifications to the Decommissioning Program Plan (DPP) will be available for a 45-day public comment beginning Friday, March 5, 1999. The DPP was approved by the Rocky Flats Cleanup Agreement Parties (RFCA) in Nov 1998. The DPP describes general procedures on how the Site will conduct decommissioning activities.

The first modification serves as a clarification on the existing process of sharing information among the RFCA parties under the DPP. The second modification extends the Site's ability to perform equipment removal without a building-specific decision document in place.

The proposed modifications can be found in the Rocky Flats reading rooms. For additional information please call John Corsi, Kaiser-Hill Communication, at 303-966-6526.
