Discussion and/or Comments:

The purpose of this correspondence is to formally transmit the document titled, "No Remedial Action/No Further Remedial Action (NFA) Decision Criteria for Rocky Flats Environmental Technology Site and Memorandum of Understanding." Per the working group conceptual agreement, we have revised the attached document. Individual Hazardous Substance Site prioritization methodology has been eliminated from the document. The No Further Action Decision Documentation section has been significantly revised to incorporate No Further Action justification documentation and decision agreements into the Historical Release Report.

If you have any questions concerning this correspondence, please contact Dan Booco of Rocky Mountain Remediation Services, L.L.C. at extension 3721.
