RE. ER RSOP Notification #02-10, IHSS Group 300-1

Dear Mr. Legare

The Colorado Department of Public Health has reviewed the ER RSOP Notification #02-10 for IHSS Group 300-1 and approves it as modified by the responses to our earlier comments Soil removal actions can therefore occur according to this notification, but must be consistent with the proposed soil action levels for radionuclides That is, if plutonium is present at levels greater than 50 pCi/g, or if the sum-of-ratios for radionuclides is greater than 1, then the remedial action objectives for this IHSS group have not been met

If you have any questions please contact Carl Spreng at 303-692-3358 or Elizabeth Pottorff at 303-692-3429.

Sincerely,
