RE: Final RCRA Facility Investigation – Remedial Investigation / Corrective Measures Study – Feasibility Study Report for the Rocky Flats Environmental Technology Site (June 2006)

Dear Mr. Rampe:

The Colorado Department of Public Health and Environment and the Environmental Protection Agency approve the Final RCRA Facility Investigation – Remedial Investigation / Corrective Measures Study – Feasibility Study Report. This Report is the result of a lengthy consultative process and it will adequately serve as the basis for the RFETS Proposed Plan. We appreciate the time and effort of the DOE and contractor staffs to complete this document, which required a systematic assessment of a huge volume of information.

Please contact the undersigned with any questions you may have.

Sincerely,

Carl Spreng  
RFCA Project Coordinator  
Colorado Department of Public  
Health and Environment

Mark Aguilar  
Rocky Flats Project Manager  
Environmental Protection Agency
