RE: RESPONSE TO YOUR LETTER DATED MAY 18, 1998 - CSD-006-98

Dear LeRoy:

This letter is in response to your letter dated May 18, 1998, in which you raised three concerns regarding Kaiser-Hill's proposal for Dr. Litaor to complete his work. Our responses are as follows:

Your first concern questioned why the Actinide Migration Studies Group (AMSG) was asked to review Dr. Litaor's proposal. The AMSG defines the scope for actinide investigations for the entire actinide migration studies project; therefore, any proposal for work is reviewed by the AMSG to ensure relevancy and value.

Your second concern pertains to the basis for the cost estimate of \$40,000 for Dr. Litaor to return to the Site to complete his work. The \$40,000 estimate includes both direct (e.g., site personnel labor, including escort services) and indirect (e.g., computer supplies and software, and administrative costs) Site costs which would be expended, as well as, Dr. Litaor's expenses of \$10,000.

Your third concern asked Kaiser-Hill to reconsider Dr. Litaor returning to the Site to complete his work. Kaiser-Hill does not believe Site access is needed for Dr. Litaor to complete compilation of his past work since no new field work is proposed or necessary. Kaiser-Hill remains committed to its earlier offer to provide Dr. Litaor the necessary data and software to complete his work.

Please feel free to contact John Corsi at 966-6526 if you have any questions or require additional information.

Sincerely,

Christine S. Dayton
