A. E. MOFFITT, JR., Sc. D.  
MANAGER OF  
ENVIRONMENTAL HEALTH

September 2, 1980

Mr. William E. Mott, Director  
Environmental and Safety Engineering Division  
Office of Environment  
Department of Energy  
Washington, DC 20545

Dear Mr. Mott:

Attached is a completed Consent Form giving permission for DOE personnel or representatives to perform the survey described in your August 7, 1980, letter at our Lackawanna, NY Plant during the week of September 22, 1980.

We request that your representatives contact John Baker, Plant Environmental Health Engineer at (716) 821-3927 prior to the planned survey so that it may be scheduled for the convenience of all concerned.

Sincerely yours,

*A. E. Moffitt, Jr.*

A. E. Moffitt, Jr., Sc.D.  
Manager of Environmental Health

CONSENT FORM

Employees, contractor personnel, and agents of the U. S. Department of Energy are hereby given permission to enter upon the property described below in order to perform the radiation survey described in the attached letter dated August 7, 1980. The survey is to be performed during the week of September 22, 1980. Please contact John Baker, Environmental Health Engineer, Lackawanna Plant, at (716) 821-3927 to make the specific arrangements.
