Dear Dr. Merges:

Your letter of August 13, 1993, requested information concerning the Mt. Kisco, New York, site that was used for radium production by the former Canadian Radium and Uranium Company. This site was considered for the U.S. Department of Energy's Formerly Utilized Sites Remedial Action Program, and it was eliminated from consideration in 1987. As you requested, copies of the pertinent documents are enclosed.

Dr. W. Alexander Williams (301-903-8149) is the appropriate contact for any necessary followup with your staff.

Sincerely,

James W. Wagoner II
Director
Division of Off-Site Programs
Office of Eastern Area Programs
Office of Environmental Restoration
