P. J. Epp, Chief, Tonawanda Suboffice

J. P. Morgan, Assistant Director, Production Division, New York

REQUEST FOR SQUARE URANIUM BARS - 2R-1576

REFER TO SYMBOL: PURCH

MATERIALS 5

This will confirm your telephone conversation of November 14 with Mr. Herahman of this office on the above request. Please arrange to ship 150 linear feet of rough-rolled uranium bars 1/2 inches on the flat edge. This material should be cut in 5 to 6 foot lengths and shipped by express on a money waybill to:

University of California
Radiation Laboratory
184 Inch Area, Building 5
Berkeley, California
Attention: H. B. Garden

The material and correspondence papers should bear the above identification symbol 2R-1576. Inasmuch as the material is being shipped over quite a distance, every precaution should be taken to see that it is boxed securely.

cc: S. Miller, Analysis & Development Branch
